BRODHEAD

Douglas Martin was in Danville Monday making arrangements with the Collector of Internal Revenue so that he could operate the tobacco manufacturing business that his father had so successfully managed here for a number of years. Douglas, who has been closely associated with the business for the past five years will soon take the business over and endeavor to run it a long the same business line as conducted by his father, and expects to improve it along several lines, and judging from his business abilities we expect him to make quite a success.

Grant Allen, the sixteen year old son of Mr. and Mrs. John Allen, of near Gum Sulphur, stabbed Richard Robins, the 14 year old son of Mr. and Mrs. P. H. Robins, just below the heart last Sunday. We have been unable to learn the particulars of the trouble, but suppose that it grew out of an ordinary boyish scrap. The Robins boy is badly wounded, and very little hope is held out for his recovery. The Allen boy was unable to make bond, and was taken to Mt. Vernon last Monday by Marshal Tyree, and placed in jail.—Mr. and Mrs. Fred Durham, Master Austin Sparks, and Miss Clyde Watson, were down from Mt. Vernon Saturday and Sunday.—Born to the wife of Mr. and Mrs. Robert Chappell, first of the week a ten pound baby boy.—Mrs. Oscar Wallin and children, of Mt. Vernon, were visiting the family of J. E. Wallin here during the week.

Mr. and Mrs. Lester B. Hilton of Stanford are rejoicing over the arrival of their first born, an eight pound boy. The report is that Hilton is being guarded carefully to keep him from doing something desperate until he comes to himself, some deny this but admit that he is so elated that he has given up his position as agent for the L. & N. at Rowland, and expects to do nothing except look after the youngster, and at that Red may need help but the funny part of it is that Pompey Cass is Grand-dad one more time. Mildred Robins was the guest of the Durham family at Sparks Quarry Sunday between trains.—E. J. Hamm, of New Hope, and John Hamm, of Elliston, are with their mother, Mrs. J. D. Hamm, who is very sick.—Mrs. Walter Miller, of Lebanon Junction, was here during the week looking after her Main St. property.—Mrs. Joe Mink, of Richmond, is here on account of the serious illness of her brother, Richard Robins, who was stabbed.—Mr. and Mrs. Tiller Furnish were in Mt. Vernon, Wednesday between trains.—Since the bond issue carried Vigil Martin sold a two year old heifer, to W. H. Brown and J. M. Craig for \$64.00 and Dick Albright sold them a heifer the same age for \$58.40. R. L. Smith sold W. H. Burton a mule for Government use for \$105.00. Now why is this? Because they could drive their stock right over the new Boone Way.

This week has been moving week here. F. K. Francisco moving his family from J. G. Frith's property on Albright street to the Main street property owned by Mrs. Vula Reynolds; Mrs. Louisha Roberts moved from the Martin property on corner of Maple and Water street to the property she recently purchased from Dr. W. F. Carter on Main street; Prof. Pilkenton will move to the property vacated by Mrs. Roberts, and W. A. Carson to the property vacated by Mr. Pilkenton. Mr. Carson having recently purchased the property.—R. L. Smith was in Crab Orchard Wednesday on business.—W. H. Brown, of Lancaster and J. M. Craig, of Quail, were here during the week receiving hogs and cattle.

HANSFORD.

Mr. and Mrs. J. W. Barran spent Sunday with Mr. and Mrs. Neal McFerron.—James Pitman of Level Green visited his daughter Mrs. J. W. Cromer last Monday.—G. R. McClure, of Bloss, was visiting here Saturday night and Sunday.—Mrs. H. C. Kirby was the guest of Mrs. Mary Bullock Sunday.—Miss Bertha Kincer visited her grand-mother, Mrs. McClure near Mt. Vernon, first of week.

Mrs. Mary Garrett, of Fine Hill is visiting her mother, Mrs. Sarah Rowe at this place.—H. C. Kirby visited Mr. and Mrs. A. W. Adams, of Mt. Vernon Saturday and Sunday.—Walter Nicely, of Pongo, and Everett Chaney, of Bloss, were here Sunday. There must be some attraction.—Marion Pitman is making preparations to move to Springfield, Mo., in the near future.—William Mink is very sick at this writing.—Well the bond issue has carried by a big majority to the honor and upbuilding of our county and now a brighter day is in the near future for us. While some few wandered from the true gospel and was carried off by false winds and doctrines which we hope will be a lesson to them, that they will take heed from when they see the results of the true gospel and what has gone with the false one. The true gospel will bring peace and happiness to the poor, bread, meat, and clothes to hundreds and hundreds of women and children that they never would have gotten if the bond issue had not carried, by giving men labor at good wages, putting money in their pocket and pulling their feet out of the mud. While the false doctrine is bringing same to desolation, misery and woe. So let's all take warning to this and forget the past and go on with prosperity and stand by the true gospel, that is preached from a solid foundation.

Little Miss Iva Kincer, of this place, has returned home after a two months visit with her brother, J. W. Kincer, of Ashland, Ky.—P. M. Bullock and family spent Sunday with Mr. and Mrs. John Bullock.—We are having a few fair days and the farmers are all busy working.

CONGRATULATORY telegrams
and letters have been coming in
in droves, since Saturday last to
our Secretary and the workers
for good roads. The following
persons sent telegrams or letters
expressing their pleasure over the
result of the bond election:

E. B. Robertson, of Southern
National Bank; Capt. John H.
Leathers, Louisville National
Banking Co.; R. J. Lemonds, dis-
patcher Union Station; James

J. H. Miller, Postal Telegraph
Company, Louisville. Congress-
man Sherry; Senator James and
many others who are interested in
good roads, generally and es-
pecially in the proposed highway
thru to Cumberland Gap.

AFTER almost three years of
constant agitation and work on
the road proposition our county,
by its vote last Saturday, has
placed itself in the line of prog-
ress and prosperity. It means
more to our people than any other
movement put forth within the
last forty years. The benefits to
be derived within next decade are
almost beyond computation. Let
us continue to boost for bigger,
brighter, better, broad minded-
ness at all times and all along the
line preach push, progressiveness
and proper patience and all will be
well.

A railroad publicity agency in
New York is sending out a circular
which presents a statement that
should be either confirmed or de-
nied by authoritative officials.
It asserts that the government of
the United States is paying \$2.77
for each ton of mail carried one
mile by the Panama Railroad, while
it pays only ten cents for each ton
of mail that the railroads of this
country carry one mile.

If this allegation is true, it has
an important bearing on a subject
of current discussion. The
Panama Railroad is owned by the
Government, and its claim to
success has been freely used as
an argument in favor of Govern-
ment ownership generally.

It, now, it is a fact that this
Government-owned road is re-
ceiving twenty-eight times as
much for the same service as

privately owned railroads are re-
ceiving, the value of the Isthmian
exhibit in the case is sadly dis-
credited.

If it is true that the Panama
Railroad is getting \$2.77 per ton
mile for its mail transportation,
while the other railroads are get-
ting only ten cents per ton-mile
for the same service, it would
further appear that either the
American Government is exceed-
ingly generous to itself or is
exceedingly unfair to its citizens.

ILLITERACY CENSUS.

The school Trustees of Ken-
tucky will be given an opportunity
to play an important part in the
illiteracy campaign. They are
being asked by the County Super-
intendents, the State Superin-
tendent and the Kentucky
Illiteracy Commission to take a
census in April, at the time when
they are taking a census of the
pupil children, of all who cannot
read or write. Their names will
be reported to the Kentucky
Illiteracy Commission, at Frank-
fort. This is a move in the right
direction. No doubt, the trustees
will count it a high privilege to
serve the State in this way. It
will require very little extra ex-
ertion, and will help to show Ken-
tucky's real standing. Also, it
will enable the Kentucky Illiter-
acy is most prevalent, and it
may be sending out the life-line
to many a deprived man or
woman. School authorities are
lending hearty co-operation, and
the public will await the results
with interest. Above all things,
this census should be accurate.
There is nothing to be gained by
either concealing or overestimat-
ing the illiteracy of a county.

LOCAL

The Transylvania Glee Club appeared at the Graded School building last evening. Time will not permit a full account, but a high class entertainment in every particular and a highly pleased audience tells briefly what Mt. Vernon people thought of the evening's entertainment. The troupe was composed of twenty two young men of the Bible College of Transylvania.

Get it at Fish's and you know it is right.

P. Q. Griffin is here this week having a number of improvements made on his West Main street property.

NOTICE—Those holding claims against the estate of Dr. S. C. La. is, d.c. used will present same to me on or before April 15th 1915 if not proven. Also please make arrangements to settle at once.

W. T. Davis, Executor.

Oscar McIntyre and William Tyree who were charged with the murder of Albert Kock at Bernstadt in Laurel county seven or eight years ago were caught in Pine Bluff, Arkansas by Deputy Sheriff Herman Scoville, of Laurel County last week. Tyree is also facing a charge of murdering William Malet Barnes, in Laurel County, near Yabo, in 1909.

D. L. Carter, Supt. of the Kentucky Free Stone Co., at Langford, was arrested and taken to Pineville, Monday to answer a charge of killing a negro in that county some twenty years ago. Judge A. H. of Bell, released Mr. Carter on his own recognizance, to remain for trial in event the grand jury returned an indictment.

Mr. Carter and Andy Mason, who is now very sick at his home at Orlando, are charged with killing two negroes in Bell County carrying the wild and woolly days of Eastern Kentucky.

Joe Martin, aged about 45 years, a resident of the Brush Creek section, is in one of the rooms of the Miller building suffering from a severe case of Tetanus. Six weeks ago Mr. Martin stuck a splinter in his jaw. He thought nothing about it, as it gave him no pain at the time. For several days the little wound was passed unnoticed, but about two weeks ago, his trouble began in earnest and for four days it has been a struggle between life and death. At times it seems that his suffering is unbearable and notwithstanding the attending physician, Dr. Chesnut, has repeated the anti-toxine serum as often as deemed advisable, yet the patient shows no sign of improvement. If any thing the severe muscular spasms which he has endured for a week, are more often and more severe.

PHEASANTS—The following gentlemen have gone together and secured from the State Game and Fish Warden a dozen English Ring Neck Pheasants, which were turned loose on Mr. G. C. Fish's farm Wednesday afternoon. The following is the list:

Jack Laswell, Wm. McNew, W. L. Langford, John H. Coffee, Jas. H. Coffee, G. S. Griffin, W. B. Whitehead, G. C. Fish, J. M. McNew, J. W. Riddle, Bingham Shepherd, Willis Johnson, Gar. Clark, Josh Boreing, D. B. Langford, Sam Bryant, W. H. Proctor, Ed Bullock, Richard Halcomb, Wallace Laswell.

Game Warden for Rockcastle. The object is to stock the county with this famous bird and in order to do so there must be absolute protection against hunters for a period of four or five years. In order to get this protection, these gentlemen whose names appear above and whose lands are adjoining or contiguous, will spare neither time nor money to prevent any one from interference. An imaginary line has been drawn from the Big Fill to Orlando, thence up Roundstone Creek to Langford Station, thence to Richmond road where same crosses Renfro Creed and thence a straight line to beginning. The lands contained within this boundary will be regarded as a State Reserve and will be protected as such. Hunting will be prohibited and anyone found upon any of this land with a gun will be prosecuted for trespass. As evidence that these gentlemen mean just what they say we are authorized that a reward of \$25 will be paid for the arrest and conviction of anyone found hunting upon the lands mentioned or for trespassing, which means if they even have a gun on the land contained within this boundary. Everyone would like to see the county well stocked with this fine bird and we can have it if they are left unmolested for a few years. It is the duty of every one to help protect them.

THE RANDOR is the newest Arrow Collar to-day, at Fish's

June 1st. will see the good work of building roads in Rockcastle begin.

There is some talk of a contest of the bond issue election, but contest or no contest, it will not effect the building of the two roads across Rockcastle.

Willard Arnold who has terrorized the citizens of the Southern part of the county and who made his escape from the officers when arrested some three weeks ago on numerous charges was located at Franklin, Ind., last week and is now safely lodged in the Mt. Vernon jail. Sheriff Mullins being unable to go to Ind., to get Arnold, Circuit Court Clerk, T. J. Nicely went Monday, returning yesterday morning. Arnold was greatly feared by the citizens of the Southern part, and since his escape, sheriff Mullins, being the faithful and conscientious officer that he is, has spared neither time nor money to bring Arnold to justice.

Detective J. E. Wallen, of the Q & C. shot and killed a man by the name of Smith at High Bridge last week. Smith was robbing a box car when Detective Wallen demanded him to throw up his hands, instead Smith fired on Wallen, the bullet glazing his head. Detective Wallen, immediately returned the shot, the ball taking effect in the head producing instant death. Mr. Wallen is a fearless officer and a high class gentleman and on this occasion had been ordered to High Bridge to investigate the numerous robbing of cars left on the siding at that point. Smith was supposed to have belonged to an organized band of robbers about that point.

BOND ISSUE ELECTION

The following is the vote by precincts on the bond issue election last Saturday.

Children C. FOR FLETCHER CASTO

THE FORD

There is nothing cheap about the Ford, but the price.

A \$4000 car contains no higher grade material than \$490 Ford's.

There is no car in existence that will climb a hill easier and quicker than a Ford.

One third of the cars in America are Fords.

The Ford has more power in proportion to its weight than ANY car.

Ford cars are electric lighted. The Ford motor is perfection itself.

When you think of buying a car, think of the Ford.

BRYANT BROS., Agents.

There is a fine flavor of ancient bigotry in Representative Moon's eliminations against the influences in Congress which frustrated his raid on the allowances made to the railroads for carrying the mails.

He induced the House of Representatives to approve his project for reducing the pay of the railroads, although the latter have recently been saddled with the task of transporting, without additional compensation, a vastly increased volume of parcel post matter.

The carriers are now underpaid about \$8,000,000 for this service. Yet Mr. Moon feels that they ought to face that loss cheerfully, besides accepting a cut in the rates for other mail.

Fortunately the Senate disagreed with him and killed the Post Office appropriation bill. He now threatens to renew his war on railway pay next winter. But with signs multiplying on every side of a disposition to treat the railroads fairly, even the most rooted of the starvation stand-patters may relent.

At the next session Judge Moon may find himself about the only old-fashioned railroad scalpel left on the Congressional reservation.

THE SPEAKING CAMPAIGN TO BE STARTED NEXT JULY

HUNDRED ORATORS TO TOUR STATE IN FIGHT AGAINST ILLITERACY

The speaking campaign of a hundred orators in behalf of the plan of the Kentucky Illiteracy Commission to eradicate illiteracy from the State will start probably in July about the time the rural school open and continue throughout the school year. It is the consensus of opinion among trustees, to which the commission deferred, that the teachers should be at work at the time the campaign starts so that none of the initial impulse will be lost in the movement. In many counties a preliminary local campaign to arouse interest will precede the big speaking date.

Mrs. Cora Wilson Stewart, chairman of the commission, is working out the details as fast as she can. Congressman W. J. Fields has consented to do a month's work, speaking, and only one date is in his own district Attorney General James Garnett will deliver four speeches at least; R. H. Wilson state superintendent of Oklahoma, will make several addresses, and nearly every prominent orator in Kentucky will be enlisted in the cause.

Famous Medicine, Tanlac, Draws Ingredients from Distant Points

Louisville, April 2. L. T. Cooper, the man who electrified the larger cities with his philanthropy, health theories and medicine is now meeting hundreds daily in Louisville and explaining the nature of his celebrated preparation, Tanlac.

To a group of friends at the Seelbach where he is stopping, Mr. Cooper stated that the medicinal elements or properties, which go to make up his medicine Tanlac, came from many remote sections of the globe. The Alps, Apennines, Pyrenees, Russian Asia, Jamaica, Brazil, West Indies, Mountain States near the Rocky Mountains, Asia Minor, Persia, India, Russia, England, France, Germany, Mexico, Columbia and Peru were among the points he mentioned as furnishing the ingredients for the premier preparation.

In his principal laboratory, the roots, barks and flowers of the medicine in its rough, is assembled under the personal direction of a German chemist of note and skillfully made to obtain of the high state of efficiency that is shown by the uniform preparation, Tanlac.

In sterilized bottles, made expressly for the purpose, Tanlac is placed, labeled, inspected and then shipped out over the world where the demand requires.

Mr. Cooper having made an extensive study of catarrhal affections, was asked to express himself upon that subject. He said:

"Most of the so-called stomach liver and kidney troubles are due almost entirely to a catarrhal inflammation of those organs. The constant coughing up of mucus, dull, throbbing headache, pains in the pit of stomach, and the persistent susceptibility to coughs and colds, are common symptoms from which so many suffer.

"Tanlac, the preparation I am introducing to combat this condition, preserves your health, gives you renewed energy, rights your spirits, lengthens your life and is an unmistakable, unfailing comfort to the thousands who suffer from catarrh and its distressing consequences."

Tanlac can now be bought in Mt. Vernon from Chas. C. Davis, and can also be obtained in Livingston at the Central Drug Co's Store.

KER CLAUDE B. TERRELL IS SEEKING NOMINATION BY DEMOCRATS FOR TREASURER

Trimble County Man Submits Candidacy to Voters in Primary of August 7, Upon Record of His Public Services in General Assembly.

HAS TWICE PRESIDED OVER HOUSE

CLAUDE B. TERRELL.

LEXINGTON, KY., March 25.—The Honorable Claude B. Terrell, of Trimble County, today announced himself a candidate for the Democratic nomination for State Treasurer in the State primary of August 7, next. He will make an active campaign for the nomination.

Mr. Terrell is one of the best known of the younger Democrats, who have been active in politics and public life during the last few years, and enjoys an acquaintance that covers every section of Kentucky. He is a farmer, merchant and banker, in his home town. He has served the Trimble and Oldham District in the General Assembly of Kentucky on three occasions, twice without opposition, and serving at two sessions as Speaker of the House of Representatives.

Mr. Terrell first entered State politics in the memorable legislative session of 1910, when the Goebel contest was before that body. He was a member of the Rules Committee of the House, one of the most important positions at that time, and in the gubernatorial contest, following the assassination of Governor Goebel, he was a member of the Steering Committee of the Democratic organization in the lower House. He was one of the five men of that body who kept its records intact during the days when W. S. Taylor prevented the General Assembly from meeting at the Capitol, and preserved those records so that they were later upheld in the courts of Kentucky.

Mr. Terrell came back to the legislative session of 1912, and because of his former experience was easily elected Speaker of the House. He was returned by his district to the session of 1914, Oldham County Democrats setting aside the custom of rotating in order that he might be "man of the hour" and he was re-elected to the Speakership without opposition in the House. As presiding officer of the lower House he had much to do with the enactment of important legislation during the sessions of 1912 and 1914.

The Kind You Have Always Bought

Bears the Signature of *Chas. H. Fletcher*

Mr. Terrell has for quite a number of years been a member of the Board of Trustees of the State University, Lexington, and has taken an active part in the conduct of the University, and shown much interest in all educational matters that came before the legislative sessions over which he presided. He bases his candidacy for State Treasurer on his experience generally as a business man, and because of his knowledge of the State's financial affairs through his service in the General Assembly.

He presents his candidacy briefly in the following card:

"To the Democrats of Kentucky: I will be a candidate before you in the Democratic State primary on Saturday, August 7, next, for the nomination for State Treasurer. I feel that my experience in the past in a legislative capacity, as member and Speaker of the House of Representatives, has brought me closely in touch with public affairs of Kentucky and the needs of the State. The Treasurer, besides the duties directly connected with his department, is a member of the State Sinking Fund Commission, which has general charge of the financial affairs of the State, and a member of the State Board of Valuation and Assessment, which fixes the franchise values of corporations for purposes of taxation. I believe my public experience as a business man and legislator qualifies me for the duties which are to be performed on these two boards, as this experience has given me an intimate knowledge of public affairs and acquainted me somewhat with the needs of the State. If chosen for this office, it is my purpose to give my entire time and attention to it, to the end that it be successfully conducted. I shall always retain my interest in the further development of the educational system of Kentucky, and my desire to see it become a perfect system is one of the reasons why I should like to be a member of the next State administration.

"I respectfully solicit your support.

CLAUDE B. TERRELL."
